#### THE ALLEGED HOLT-PRICE LETTER.

M. D. Price of Miami, friend of Pleas ant A. Holt of Jacksonville, who is al leged to have written a letter, and broth er of W. H. Price of Marianna, chair man of the democratic state executive committee, who is alleged to have re ceived the letter, denies that any such

letter was either written or received.

It will strike the average citizen that
Mr. M. D. Price of Miami is a trifle prev lous. What has he got to do with the letter anyway and how does he know what was or was not written?

Obviously, the people who can tell most about it are Pleasant A. Holt of Jacksonville and W. H. Price of Marianna. Incidentally some of the people mentioned in the alleged letter might tell what they know about the matters

referred to.

If Mr. Holt wrote the letter, the people and the officers of the law cannot have the matter verified any too soon. If he did not write it, then Mr. Holt cannot deay the matter any too soon.

The receipt of such a letter by Mr. Price does not necessarily indicate that he is involved in any crooked practices and Mr. Price can easily clear himself by explaining his connection with the case, (if such a letter was received) or by denying the allegation (if such a letter was not received).

Some other deople (all of whom are not clearly identified) are mentioned in the alleged letter. Who are they and did any one or more of them receive any money from Mr. Holt, or from Mr. Cassidy, and if they did, what was the money lor? Mr. Holt himself can easily answer the question of whether or not he has sent any money into Jackson county. Who also is Mr. Cassidy and what would he-whoever he is-be sending money into Jackson county for:

The whole question can easily be cleared up if the persons whose names appear in the alleged letter will simply tell what they about it. The Journal's columns are open to them.—Pensacola

Mr. Holt does not, we are reliably informed, deny the authenticity of the letter. How could he, in face of the fact that a photograph of the original is in the hands of a man who would quickly call his "buff!"

#### THE "INTERESTS" AT WORK.

Are the good people of the state in favor of having a legislature elected by the "business (?) interests" of Tampa, Jacksonville and Pensacola? If not, be careful to sound every candidate for Tai-lahassee. Will he vote with the crowd that favor the repeal of the "anti-race track law" that goes into effect next year? Does he get his inspiration and sinews of war from the section that fav-ors liquor and gambling? PLEASANT HOLT, the general in-chief, may not have written that letter to Chairman Price, saying, "You know I promised to help Wilson (candidate for state sen-ate in Jackson) to the extent of \$500. Part of this money is to come from the race track. I have paid him one hundred dollars, I still feel obligated to the extent of \$400.00." The Floridian publishes what more than the street of the str lishes what purports to be a letter; but we will have to take their word if W. H. we will have to take their word if W. H. Price and PLEAS, say it is a forgery and only political buncombe. Yet, with due apologies to Editor Crawford we do not believe that finished Jacksonville politician, PLEAS, is idle. He subscribes for the DeSoto County News and pays for it. He reads this paper and all the others. He does not neglect his rapper. for it. He reads this paper and all the others. He does not neglect his papers even for his prayers and prayer-book. He knows or will know by next Monday, just how many persons in each county have qualified. Question your candidate for Tallahassee, and see how he hedges, when you ask him about what he will do on certain questions. A fellow may love a "smile" and gang with the "boys" at times, and yet draw back when he sees a set of "interests" organizing to dominate the legislature of a great state. These friends are not idle. Their workers sometimes sell (2) lightning rods, books, land, fertilizer or insurance. "Old Spotts" and "Pat" seem to have been retired on pensions. Howto have been retired on pensions. How-ever, there are others who dearly love to smell the doughbag. Practical poli-tics! Better beware. It pays in the long in a good humor. - DeSoto County News.

Thomas C. Buddington of New Smyrna, who signs himself "President of the rect survey made of the city and per-Inlet Association of New Smyrna, Fla.," has issued a circular call for a mass meeting to be held at New Smyrna on May 24th, to adopt a plaiform and nominate an independent candidate for congress from the Second district, as well as independent candidates for the state legislature from Volusia county, as well as to express preference for a United States senator to be chosen by the next legislature. The News does not know Mr. Buddington; it doesn't need to in order to form a pretty correct private opinion concerning him. That private opinion, publicly expressed is, that he is not far removed from the species "damphool." There may be a few cranks in attendance upon his convention, but there'll be nothing for them to do as Thomas has already prepared the platform, and picked out his candidates. As to choice of United States senator, the white people of Florida will have expressed their preference two week before Thomas' convention meets, and the legislature of Florida, to be elected next November. will, without there is an unlooked for political eruption, honor the choice of the people.

Blames Bond Trustees for Failure to Pave Certain Streets.

T. to H - maule City Council of the

se and needful legislation for toe etterment of our city.

I note with regret that our city has t made the progress in municipal provements during the past year est our citizens had hoped for. Many our streets should be paved, and spite of the fact that there is a valance on hand in the refunding and account of over \$6,000 00, and

e Board of Bond Trusters, wh ere authorized by ordinance on Jan ary 19, 1909, to pave certain streetave utterly disregarded the wishes f a large majority of our property wners, and have failed to perform he duty assigned to them. Thereore, I think that the time has now crived when your honorable body should request the gentlemen com-oling the Board of Bond Trusteeither to perform the duties assign-d them, or to tender their resigna on, and thus make room for me

who will do their duty. It is both a detriment and a dis race to our city to be paying 5 per ent interest on funds which are now ying idle, while our citizens are anx ous for the paving betterments and are able and willing to pay their pro-

There must be something radically vroug somewhere, when over eigh ears ago our citizens authorized th onding of our city for the small sun neuts and as yet, so far on y \$126 300 00 have been expended. \$44 00 of which was for the refunding outstanding bonds, leaving approxi mately only \$118 000 00, having bec

I would also bring to your notice the necessity of a revision of the ordinance sook of our city, and would recommend hat the ordinances therein contained,

linances are in effect.
Also I desire to call your attention to he fact that considerable complaint is seing made regarding the manner in which our cemeteries are managed. I am informed that there are quite a num. New York Times, ber of vacant lots in West View cemesery, and a great many of our citizen would be willing to pay a high price for a lot in the cemetery, but for some un rimary.

It to the ordinance book, that in January, 1898, the city council passed an ordinance creating a board of five trustees boy who murdered Clevie Tedder, the 14-year old white girl in Volusia county zing them to make such rules and regu zing them to make such rules and regu-ations as they deemed necessary for the His proper control of said cemeteries. I stand would recommend that this ordinance

Such a change would, I am confident, meet with the hearty approval of a large majority of our citizens.

I wish to also bring to your notice that there are quite a number of old, de-

I would suggest that some steps be taken one as may aid you in providing to have these buildings condemned and removed.

I cannot close without mentioning the good work the Woman's Club has done, and is trying to do, toward the beautify-ing of our city, and I trust you geatle-men will continue to give them your support, because our city will not ad-vance unless same is made attractive.

These ladies have petitioned the council to increase the scavenger service, and I would recommend that an additional scavenger cart be placed in ser-vice, because it is impossible for one cart to keep the trash properly removed from our streets, so long as some of our citizens will not place trash in proper recettzens will not place trash in proper receptacles, and furthermore a great many of our citizens pile weeds and tree trimmings from their yards on the streets and set fire to them; also it is the practice of the street committee in the summer time to cut the weeds and allow them to remain upon the streets and decay or weather permitting set fire to cay, or weather permitting set fire to them, thereby subjecting our citizens to a smoke nuisance, which at times is well nigh intolerable. This should not be allowed. Our citizens should be enwell nigh intolerable. This should not be allowed. Our citizens should be en-couraged to keep their premises clean, and the city should provide sufficient number of carts to remove all trash promptly, instead of allowing it to re-main on the streets for several days.

Also it has heretofore been the cus tom for the street committee to cut down the weeds, only once or twice during the summer, but citizens are expected at all times to keep their premises clear of noxious weeds. As a matter of justice, the city should be the first to set an ex-ample by maintaining a street cleaning force of sufficient size to keep all streets constantly clear of weeds and trash. The City Council whose administra-

The City Council whose administra-tion has just terminated is to be con gratulated upon the splendid cash bal-ance in the banks, which on April 1st, was \$35,772.48. In view of the many obligations which our city now has, the council deemed it necessary to guard carefully its finances, and in doing this they have indeed acted wisely. For a number of years previous to 1909 the treasury was exhausted by July 1st, of treasury was exhausted by July 1st, of each year and in order for the city officials to get their monthly salaries, it was necessary for them to have their warrants discounted at the bank.

Another action of this council that de-erves special mention is, depositing the city's funds to draw interest upon daily almores, which in the course of a year amount to several hundred dollars. If he council just retiring had done noth-ing else of importance than depositing ie city's tends to draw interest they would be deserving of the thanks of appreciative citizens and taxpayers.

Respectfully submitted, HOWELL A. DAVIS, Mayor.

A Last Day Strike.

The most interesting of recent panics was that caused by Professor Falb's expectations of the end of the world on Nov. 13, 1899 One paper, unimpressed, incorporated the information in its diary: "November 13- End of the November 15-Queen goes to Bristol."

But, though England scoffed, some other countries took the matter very seriously. In several towns in Russia workmen went on strike because the last day was a thand and they wanted to spend the remaining hours with their families -London Chronicle.

They thought that there was smell and smoke from an oil stove, and that it heated aroom just like any other stove. up for five times its cost."

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table so tired out that you can't eat. Just light a Perfection Stove and immediately the heat from an intense blue fame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.
